Recently, the Iowa Board of Medicine took the following actions:

Mark R. Collison, M.D., a 58-year-old Iowa-licensed physician who practices internal medicine in Clive, Iowa, had formal disciplinary action taken against him by the Board on April 12, 2012. On September 23, 2011, the Board charged Dr. Collison with knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of medicine. A hearing was held on January 23, 2011. On April 12, 2012, the Board issued a Findings of Facts, Conclusions of Law, Decision and Order. The Board concluded that the preponderance of the evidence established that Dr. Collison knowingly made misleading, deceptive, untrue or fraudulent representations in the practice of medicine when he denied he was involved in the care of a patient when, in fact, the records indicate that he provided "hands on" care to the patient and he was responsible for the patient's care as the supervising physician of a physician assistant who provided care to the patient during the period in question. The Board issued Dr. Collison a public reprimand and ordered him to pay a \$3,000 fine and complete a Board-approved professional ethics program.

Gaylord Nordine, M.D., a 67-year-old Iowa-licensed psychiatrist who practiced in West Des Moines, Iowa, had the terms of his probation terminated by the Board on April 16, 2012. On September 2, 2004, the Board charged Dr. Nordine with violating professional boundaries. On November 15, 2005, Dr. Nordine entered into a Settlement Agreement with the Board to resolve the pending charges and his Iowa medical license was suspended. On April 9, 2010, the Board reinstated Dr. Nordine's Iowa medical license and placed him on probation for a period of five years subject to Board monitoring. Recently, the Board voted to terminate the terms of probation effective April 12, 2012.
