Executive Director's Report

Mark Bowden, executive director, gave reports on several topics, including:

INTERSTATE MEDICAL LICENSURE COMPACT -- The expedited licensure process through the Interstate Medical Licensure Compact was expected to start in January 2017 but it has been delayed so the governing commission can address several issues, including concerns about the licensure renewal process and the handling of information received from the Federal Bureau of Investigation relating to a federal criminal records check of an applicant for licensure through the Compact. The commission will hold a teleconference meeting on February 22 to initiate administrative rulemaking to address some of these issues so the licensure process can begin in March or April. On January 1, there were 18 states in the Compact and the enabling legislation was being considered in at least five other states and the District of Columbia.

ACUPUNCTURE RULES UPDATED -- A sweeping update of the Board's administrative rules on the licensure and practice of acupuncture is scheduled to become effective March 22. The numerous amendments to 653 IAC Chapter 17 was adopted by the Board on January 19 and was scheduled for final publication in the Administrative Bulletin on February 15. These

amendments update requirements for licensure, renewal and reinstatement; identify diagnostic and treatment modalities performed by acupuncturists; provide definitions of additional terms associated with acupunctural services; recognize a licensee's maintenance of certification by the National Certification Commission for Acupuncture and Oriental Medicine to satisfy continuing education requirements established in Iowa Code section 272C.2; revise requirements for the display, distribution and retention of a disclosure sheet which contains information for patients; establish requirements for the delegation of certain aspects of treatment; and establish a requirement that licensees report changes in their full legal names and provide a personal e-mail address for correspondence between the Board and the licensee or an applicant for a license.

FSMB ANNUAL MEETING -- Board Chair Diane Clark will be Iowa's voting delegate at the Federation of State Medical Boards' House of Delegates meeting on April 22 in Fort Worth, TX. Board members Clark and Kyle Ulveling, M.D., and four members of the Board's staff will attend the FSMB's annual meeting, April 20-22.

Records retention/ scanning project

Shantel Billington, Office Manager/Financial Manager, updated the Board on the upcoming scanning project for the record retention plan.

Acupuncture

An update and review were given by Mr. Bowden on ARC2860C - Amendments to 653 Chapter 17, "Licensure of Acupuncturists" and the appeal filed with Iowa Supreme Court on dry needling declaratory order on January 18, 2017. For additional information, see Executive Director's Report.

Subcommittee report on joint rules for prescribing authority for certain psychologists

Charles Wadle, D.O., chair of the subcommittee, reported that subcommittees of the Boards of Medicine and Board of Psychology continue to work on joint rules concerning educational requirements for psychologists who would be eligible to write prescriptions for psychotropic medicines. He said the subcommittees' next meeting is scheduled for March 3, 2017.

Physician assistant supervisory rule update

Kent Nebel, Director of Legal Affairs, gave an update on HF 189 and ARC 2832C regarding the status of the rulemaking by the Board of Physician Assistants. He stated that the Board continues to meet with legislators who are interested in these rules and those who have concerns about the current status of physician supervision. He said the Board continues to evaluate options, legislatively and through rule-making, to address concerns. He said the Board is waiting for the legislation (HF89) to go through before considering the options.

Interstate Medical Licensure Compact

An update and review were given by Mr. Bowden, noting the enactment of 18 states and active legislation in 5 states as well as the status of expedited license process. Other topics discussed were the Right to Try bill and criminal background checks. For additional information, see Executive Director's Report.

2017 legislation

An update and review were given by Mr. Bowden regarding possible upcoming legislation that may come in front of the Board. One measure would require the Board to license and regulate genetic counselors. Other topics of potential interest to the board include establishing medical standards for treatment of Lyme disease, and legislation concerning medical marijuana, abortion and mandatory registration with the Prescription Monitoring Program.

Sleep studies - Tom Konopka was present for public session and spoke on behalf of his wife who is a physician who specializes in sleep medicine. Mr. expressed concerns about the quality and efficacy of out-of- state sleep studies. Mr. Konopka has made contact with legislators and has proposed legislation that would require that sleep studies be performed in affiliation with an Iowa-licensed physician, properly trained staff, and in a facility that would be accredited. Mr. Konopka came to the Board after approaching the Iowa Medical Society about the legislation. Mr. Konopka said the society preferred that a rule first be considered versus seeking legislation. He was directed by the Board to file specific complaints that reflect his concerns. Kent Nebel, Director of Legal Affairs, suggested the Board may be able to work on some guidance to the public once Mr. Konopka files specific complaints.

Judicial Review update

An update was given by Julie Bussanmas, Assistant Attorney General, on Firas Rabi, M.D., v. Board of Medicine (Iowa Supreme Court) – Dr. Rabi filed a notice of appeal challenging the District Court decision affirming the Board’s disciplinary order. Dr. Rabi’s filed his brief on January 12, 2017. The Board’s brief will be due March 15, 2017.

Federation of State Medical Boards

An update and review were given by Mr. Bowden regarding the FSMB annual meeting April 20-22, 2017, in Fort Worth and the FSMB 2016 Regulatory Report.

Iowa Physician Health Committee

An update was given by Amy Van Maanen, Iowa Physician Health Program coordinator, regarding the statistical report and the decrease in numbers of participants in the program. She said that she will be speaking with the residents at Des Moines Methodist Hospital (UnityPoint) in the next couple of weeks, talked about the new website being underway and her forthcoming presentation at the Board meeting in June.
